holiday safety tips

5 Ways To Stay Safe Over The Holidays

- > If possible don't leave newly purchased gifts in your car. If you have to, make sure they are not left in plain view. Either put them in the trunk or cover them up.
- > Extinguish all candles and turn off your Christmas tree lights before leaving the house or going to bed.
- > Be sure to use indoor lights inside and outdoor lights outside. Also, make sure the lights are CSA or ULC approved.
- > Avoid leaving the stove unattended when cooking holiday goodies, roll up your sleeves when you are near the stove and clear any clutter from around the stove. Kitchen fires remain a leading cause of home fires.
- > Make sure all smoke detectors are in good working order.
